**About Entre Nous Femmes Housing Society** - Entre Nous Femmes Housing Society was founded in 1984 by three women who wanted to make life better for themselves and for other single mothers and their children. ENF is one of the first housing development organizations created and led by women in Canada and has a proud tradition of naming our buildings after the grandmothers of our founders. We continue to honor our legacy of inclusiveness, hope, determination, and social justice as passed down from the grandmothers through the creation of affordable, diverse and healthy communities for families, single parents and seniors in the lower mainland.
